

OUR STORY

At SKR Exports India Private Limited, seafood is not just our business, it is our heritage.

From our base in Ratnagiri, one of India's richest fishing zones, we bring the best of the Konkan coast to global markets.

OUR STORY

GUIDED BY NEARLY FOR DECADES

of industry expertise, SKR has grown into a trusted name for premium frozen seafood. What sets us apart is our ability to combine tradition with technology, sourcing responsibly, processing with precision, and delivering with integrity.

VISION

OUR VISION

"To be a globally trusted name in seafood exports, delivering freshness, safety, and quality that connect the shores of Ratnagiri to tables across the world."

A large teal graphic on the left side of the page consists of several concentric circles. Within these circles are white silhouettes of various fish, including a salmon, a tuna, and a cod. The background of the circles is a blurred image of a seafood processing facility with workers in white uniforms and hard hats.

OUR MISSION

Our mission is to consistently exceed customer expectations by ensuring uncompromised quality, timely delivery, and reliable supply. With a diverse portfolio, sustainable practices, and a commitment to innovation, we aim to serve global markets with seafood that reflects integrity, consistency, and care for the environment.

OUR PRODUCT RANGE

At SKR Exports, we bring the rich diversity of Indian waters to global markets. Our product portfolio covers a wide selection of fishes, crustaceans, and cephalopods, each carefully sourced, expertly processed, and frozen to preserve freshness, nutrition, and flavor.

FISHES

From ocean-caught favorites like pomfrets, seer fish, tuna, mackerel, and ribbon fish to freshwater varieties such as tilapia, tengra, and pabda, SKR offers a comprehensive fish portfolio. Available in bulk blocks, fillets, and whole presentations, our fishes are packed to retain their natural taste and texture, making them suitable for diverse international cuisines.

CEPHALOPODS

Our cephalopod range includes squid, cuttlefish, and octopus, cleaned, portioned, and frozen to preserve their natural tenderness and flavor. Offered in formats such as tubes, rings, tentacles, and whole cleaned options, they are prized by chefs and buyers alike for their versatility and consistent quality.

CRUSTACEAN

Our crustacean portfolio brings together an extensive variety, from shrimps (tiger, white, pink, brown, poovalan, karikkadi, scampi, and aquaculture vannamei) to crabs and lobsters. Processed in multiple formats (HOSO, HLSO, PD, PUD, PDTO) and packed using IQF and block freezing technologies, they are customized to meet diverse market requirements. Whether for bulk exports or consumer-ready packs, our crustaceans are prized for their freshness, flavor, and premium quality across global markets.
