

SKR EXPORTS INDIA PRIVATE LIMITED

About Us

SKR Exports India Private Limited is a leading EU approved exporter and supplier of a diverse array of seafood products, based in Ratnagiri, India. Founded by Mr. Suresh Kumar, who has over 40 years of experience in the industry, the company specializes in delivering premium quality frozen seafood to international markets and is renowned for its extensive product range and unwavering commitment to exceptional quality standards.

Our Vision

We envision being a global leader in the seafood industry, renowned for our dedication to quality, innovation, and sustainability. Our vision encompasses broadening our market presence and product range while fostering long-term relationships with our customers, partners, and stakeholders.

Our Mission

At SKR Exports India Private Limited, our mission is to deliver premium, sustainable seafood products that cater to the diverse needs of our international clientele. We are committed to upholding the highest standards of food safety and sustainability, ensuring that our operations have a positive impact on both the environment and the communities we serve.

Our Strengths

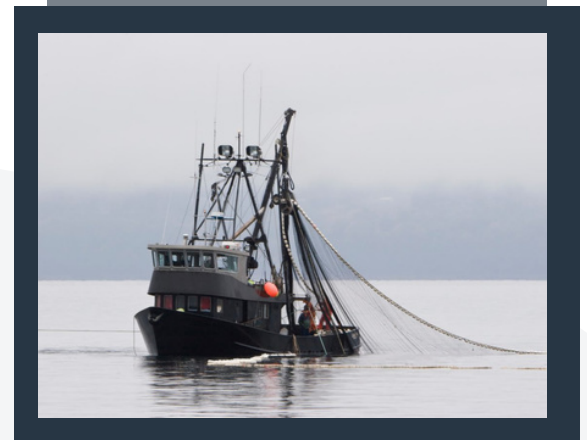

Custom Packaging and Branding

One of SKR Exports' key strengths lies in its ability to customize and pack seafood products according to the specific requirements of customers. The company offers flexible packaging solutions that can be tailored to the client's brand specifications.

Fishing Operations

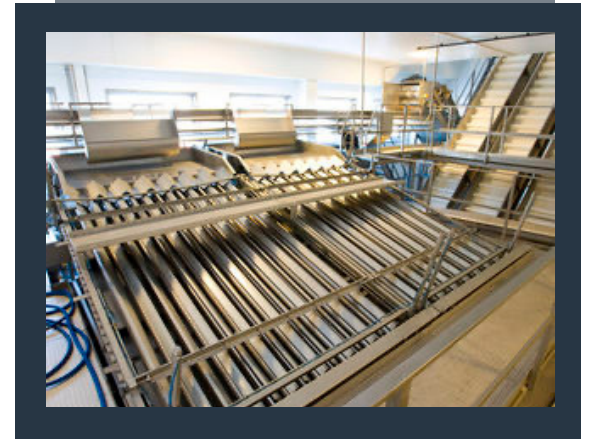

SKR Exports India Private Limited operates its own fishing vessels, which ensures a reliable and consistent supply of fresh seafood. By managing our own fishing operations, we closely monitor the quality of the catch from the moment it is harvested, through processing, and up to the point of export. This vertical integration allows SKR Exports to maintain high standards of freshness and quality control.

Infrastructure and Divisions

SKR Exports boasts state-of-the-art infrastructure designed to facilitate large-scale operations and ensuring the highest quality standards. The company's processing facilities are equipped with advanced freezing technologies that help preserve the seafood's freshness and nutritional integrity. The organisational structure is divided into specialised divisions that handle various operational aspects, including procurement, processing, quality control, packaging, and logistics. This structured approach allows SKR Exports to deliver consistent quality and efficiently meet the demands of its global clients.

Quality Assurance and Accreditations

Quality assurance is integral to SKR Exports' operations. The company adheres to stringent international standards and holds multiple certifications from global food safety authorities. These accreditations guarantee that all products undergo rigorous safety and hygiene checks before reaching the consumer.

Our Product Range

SKR Exports offers a diverse selection of seafood products across three main categories: Fishes, Crustaceans, and Cephalopods, be it fresh & chilled or frozen. Each product is meticulously processed and packed to maintain its freshness and nutritional value.
